EXAMINER'S AMENDMENT

Claims 37-42 are allowed.

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on March 20, 2006 (Information Disclosure Statement) has been entered.

Oath/Declaration

2. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

The Declaration claims priority to non-provisional application 09/777,439, filed 02/06/2001, under 35 USC 119(e). Said claim for priority should be made under 35 USC 120 since the cross-noting of the specification states the instant application is a Divisional of 09/777,439. It is Improper to claim priority under § 119(e) to a non-provisional application.

A new Declaration consistent with applicants' claim to Divisional status is required.

Reasons for allowance

3. The following is an examiner's statement of reasons for allowance: Suzuki et al, US 5,684,094, and Fukunaga et al, US 6,410,640, disclose ketimines but said ketimines are not fluorosubstituted. Middleton, US 3,392,199, discloses fluorosubstituted ketimines as reactants but lacks the aniline substituent on the ketimine nitrogen.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
